ABOUT EMAAR

We are the UAE's premier real estate developer. We have reshaped Dubai's skyline with our iconic buildings, integrated lifestyle communities and record-breaking retail and entertainment destinations. While many claim epic projects, very few can count true icons in their portfolio, such as Burj Khalifa, The Dubai Mall and The Dubai Fountain.

By focusing on creating long-term value for our consumers since 1997, we have set the standard of UAE real estate, by which others follow. Today, we are one of the most valuable developers in the world and the largest real estate company outside China.
